

# Modular OT with Air Disinfection & Filtration System

In a typical Modular OT only Walls & Floor are done only for COSMOTIC LOOKS.  
With our Ceiling mounted **ADF System** the Modular OT becomes  
**Nosocomial Infection free**

- 4 Steps Air Filtration
- 0.3 Micron HEPA Filtration
- 2.5 Pa positive pressure in OT

## NOSOCOMIAL INFECTION FREE MODULAR OT

Designer Modular OT with ADF (4ft. x 3ft.)

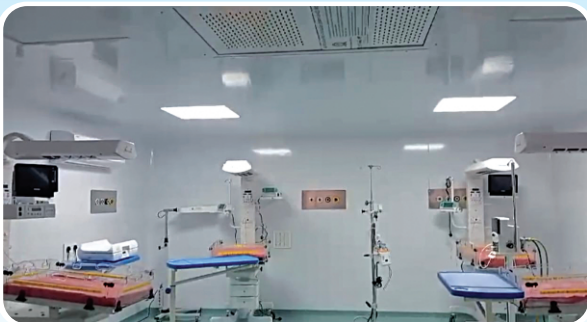

Regular Modular OT with ADF (6ft. x 4ft.) Complete disinfection of OT

## Nosocomial Infection free ICU / NICU / OP Room

Ceiling mounted ADF (Air Disinfection & Filtration System)

Our Air Disinfection & HEPA Filtration System creates a Nosocomial free environment to prevent cross infections in ICU / RIUC / NICU and OP Rooms where multiple patients are present.

USE OUR **ADF SYSTEM** FOR  
AIR BORN INFECTION FREE  
ICU/ NICU / RICU / OP ROOMS
