Oxygen Concentrator

Upto 10 Liters Capacity

**LTX-10 Oxygen Concentrator,
using Pressure Swing Absorption (PSA)**

Technical Specification:

**MOLECULAR SIEVE
zeolite designed to
perform in standard oxygen
concentrators for medical use.**

- **Outlet Pressure:** 10-14 PSI
- **Oxygen Purity:** 93% \pm 3%
- **Oxygen Flow:** Upto 10LPM
- **Sound level:** <45 DB (A)
- **Power supply:** AC 230V+ 10%, 50 Hz + 10%
- **Electrical Classification:** II class B type
- **Temperature Range:** 10° C - 40° C
- **Relative Humidity:** 20% to 70%

Certifications:

- Certified by Center for Cellular & Molecular Biology, ICMR
- Member of International Ozone Association
- Member of American Chemical Society

Note:

- For booking send your Mail ID, Address, Phone number on **WhatsApp 800 889 5680**
- **Do not send any advance for booking.**
- Intimation will be given on machine arrival.
- Payment against proforma invoice only.
- Proforma Invoice will be issued on Machine availability.
